MTSS WIN Period

8:00–8:50 AM — Period 1: W.I.N. (What I Need)

Our students start each school day with W.I.N. — “What I Need.” During this time, students receive targeted instruction based on their individual learning needs.

From 8:15–8:45 AM, students participate in Phonics for Reading, working on specific reading and phonics skills at their instructional level. This focused time helps students strengthen foundational reading skills and build confidence as readers.

Please make sure your child arrives at school on time each morning! Being on time is especially important because W.I.N. and Phonics for Reading begin right away. Arriving late can mean missing valuable instruction that is designed specifically to support your child’s reading growth.

Thank you for helping your child start each day ready to learn!
